

## Teacher information

Dear ASTA with NSOA member,

On Saturday, May 10, 2008, at the Windham High School, we will hold the annual ASTA Statewide String Festival. This is an all-day event with five orchestras, assigned by experience and proficiency. It is open to all student string players in the state of Maine. We hope that you will consider sending some or all of your students to this big, fun event.

Please check the Repertoire List for the pieces that will be rehearsed and performed that day.

If you have any students who want to attend, please collect \$15.00 from each of them, tell them and their parents about the festival, get the music you think would be most appropriate (it should be **sightreadable**) or, in the case of students headed for orchestras 4 and 5, fill out the ordering section of the registration form, then be sure your students can play the music before the String Festival date. We will be sending more information in a few weeks, but if you have any questions before then, please call Charles Oehrtmann at 207-767-5509 (h) or 207-892-1820 (w) or email him at [orty1@earthlink.net](mailto:orty1@earthlink.net) (H) or [coehrtmann@windham.k12.me.us](mailto:coehrtmann@windham.k12.me.us) (W).

Thank you! See you at the Festival!
